

# UF WOMEN'S CLUB FLAG FOOTBALL

Volume 3 Issue 3

CLUB FLAG FOOTBALL

## THIS ISSUE:

- What we've been up to
- Senior spotlights
- Sponsors

## WHAT HAVE WE BEEN UP TO?

- We have been practicing weekly on Mondays and Wednesdays to prepare for scrimmage opportunities
- A few of our members have joined intramural flag football teams as well as continuing to participate in club!
- We also all got together to watch the Super Bowl! GO BUCS!
- Keep an eye out for info regarding our scrimmage against UCF pending RecSports approval!

## SENIOR SPOTLIGHTS

### - CHRISTA DECOURSEY

Christa is double majoring in Astrophysics and Physics. This Spring, Christa is excited to learn some new styles of play, like stacked plays, and also pumped to see the blue team improve in their skills. Some of her favorite memories from flag have been coming together at tournaments, meeting her teammate's families, supporting one another, and being there for Blue Team's first win in Tallahassee. After graduating, Christa will be persuing her PhD in

Astronomy at either UT Austin or the University of Arizona. She hopes to one day be an astronaut or researcher. Very soon, she will start work as a graduate intern with the National Radio Astronomy Observatory this summer, with hope to develop her computing abilities and to publish some papers. We will miss you Christa!!

- CHARLOTTE TUOHY

Charlotte is majoring in Sociology and

Economics. This Spring, she is excited to watch the team develop and improve and also to get the chance to play again soon in a scrimmage against UCF. Her favorite memories include getting to know everyone at nightly practices, especially since

COVID has limited her daily interactions, the little moments, and also the big moments in close games like in her freshman year when Karina intercepted a pass to get them the National Title. This summer, Charlotte is looking forward to taking some time off of zoom, and starting her job as a Graduate Assistant at the University of Kentucky, where she will work in the intramural sports department and also get her Masters degree in higher education. In Kentucky, Charlotte is excited to experience real seasons, but also expand her network in sports, as she has made such great friends at UF RecSports. We love ya Madam President :)
