

UF WOMEN'S CLUB FLAG FOOTBALL

Volume 3 Issue 2

THIS ISSUE:

- What we've been up to
- Spring Skill Evals and Rosters
- New Member Spotlight
- Senior Spotlights

WHAT HAVE WE BEEN UP TO?

- We finished the fall semester with a great team and some awesome bonding opportunities!
- Some of our members spent Christmas break together in New Jersey!
- We JUST drafted some brand new and AWESOME rosters!

Our team members, Jayci, Amanda, Charlotte, Brittney, and Christa all visited Amanda in New Jersey over winter break!

Our Spring Skill Evaluations were a huge success! We had a really great turn out and we are so happy to see new faces at practice. Evaluations lasted 2 days, and rosters were released soon after. All three of our rosters are packed with talent, and we are really looking forward to this upcoming semester!

Ask your player about fundraising dues!
If you have a small business or are interested in sponsoring our team, please reach out to our treasurer, Amanda for more info at 856-340-5877!

Jenny Quach
Nevhada Schmidt
Barbara Silva
Rachel Smith
Jojo Sterling
Lyndsey Weisman
Ashley Wilkerson

GREEN TEAM

Viana Bravo
Adamaris Castillo
Cayla
Daniela Gonzales
Isabel Gonzales
Marianne Gonzales
Devanice Holmes
Lauren Mansuy
Hannah White
Julia Pardon

NEW MEMBER SPOTLIGHT

- **Kimberly Slinkosky**

Kimberly is a freshman this year, and joined our Orange team roster in the fall. When asked about her fall season, Kimberly said "I came into the season waiting to play my hardest, especially after losing my high school season to COVID. The fall season allowed me to make connections with each of my teammates and get a feel for how our club was organized." Kimberly stated that "I enjoyed going to practice because it is a good stress reliever and a nice break from school, and a great opportunity to hang out with my new friends and teammates." Kimberly's favorite part of the Fall season was the bonding opportunities she got to have with the team to play flag and get to know each other better. She wants to form closer bonds with her team this upcoming Spring season, and is hoping for some opportunities to play in tournaments, if COVID permits. She believes our team will be very successful in future endeavors. We are happy to have you Kimberly!

SENIOR SPOTLIGHTS

- JAYCI GROSSO

Jayci is a Senior majoring in Wildlife Ecology and Conservation. She is the quarterback for our Orange

Team and has been part of flag since her freshman year. Her favorite memories from flag are winning the National Championship 3 years in a row, improving her skills each year, and of course, all of the friends she has made. This season, Jayci is looking forward to traveling to compete if we can, and possibly playing some NAIA teams. After graduation, Jayci is excited to be done with classes and to

“get a taste of extended field work in wildlife ecology and conservation.” While she is unsure of exactly what career she wants to pursue, she knows she would love to work in habitat management or wildlife conservation.

- **AMANDA WICHTERMAN**

Amanda is a senior Marine Science major on a Pre-Vet track. She has played for our Orange team as a safety and a slot receiver for 2 years, and has been a part of flag since her sophomore year. Her favorite memories from flag are travelling to Texas for nationals last year, and having a bonfire on Panama City Beach with some of her teammates. This Spring, Amanda hopes to travel to compete against some NAIA teams if COVID permits. After graduation, Amanda is taking a break from classes to spend some time applying to vet schools. Amanda wants to be either an aquatic or a small animal vet.
